

*Eddie, You are fantastic!*

*Recently, When I decided to sell my home, in what was best a challenging market, I made the right decision by going to a consummate professional.*

*Your use of the latest in video and on-line technology to reach out to other agents and prospective buyers certainly contributed to us receiving an offer that met our asking price so quickly.*

*You made an otherwise stressful and challenging process, simple and smooth.*

*Throughout the process you kept me informed and often going above and beyond what was necessary to see that things were done correctly.*

*More importantly , you made me feel special, not just another client but like I was your only client. And you helped me to appreciate my 50 year old home as a work of art.*

*Thank you so much for your sensitivity, care and unwavering attention.*

*Words cannot describe my appreciation for all your hard work and dedication.*

*With gratitude your friend,*

*Joyce*
